If you don't see your specific device or have any pricing questions, please reach out to Riley at riley@midwestsi.com

Helpful tips for bringing your equipment to a Central Location:

Please put all of your instruments in one group per school. Consider putting a sign on the top stating which school the equipment belongs to, and keeping all in a group. Remember to check that all of the parts of the equipment are included in the case before leaving it. Make copies and attach an "equipment label" (on last page) to **each** instrument. This greatly helps our technicians provide you with the best service!

Please Email your form to Riley: riley@midwestsi.com
